New Website for Black Forest Container Systems, LLC

Greenville, SC, March 2018: Black Forest Container Systems, LLC, is proud to announce the launch of their new website: www.blackforestmktg.com. The new design reflects the company's mission of commitment to quality and value by educating users on the features and benefits of their entire container product line. "It's time to take our web presence to the next level", said Jeff Balck, Co-Owner of Black Forest Container Systems., "This site represents our continued growth in existing and new product lines, as well as our commitment to being open and accessible to our customers."

Enhancements to the web site include:

- Improved navigation – enables visitors find featured products on the home page and new interactive product banner allows users to view features and benefits of product lines with a click of the mouse.
- Downloadable Resources- literature and catalogs are available to download for immediate or future use.
- Clean, Interactive User Interface – allows visitors to ask questions, request a quote or request literature online.
- New Product Lines – Beer Equipment is introduced on the site. Offering both jacketed and non jacketed for fermentation and serving/storage for purchase order lease.

Laura Schneider – Business Development Manager at BFCS, "We need to make it easy for companies to conduct business with us. If your website is not user friendly potential customers will go elsewhere."

Black Forest Container Systems, LLC located in Greenville, SC, founded in 2000, is the leading distributor in North America of closed loop custom equipment and multi-trip stainless steel packaging systems. Their product offerings include stainless steel containers, intermediate bulk containers, mini-bulks, totes, ASME pressure vessels, process tanks, storage tanks, flasks, bottles, fermenters, wine equipment and process drums. In addition, Black Forest Resources, LLC the sister company of BFCS, offers a container leasing program. The rental fleet consists of high quality intermediate bulk containers (IBC's), totes, portable tanks, mini-bulks and small volume chemical and general purpose containers for the agriculture, chemical, cosmetic, food, industrial and pharmaceutical industries.
